

CONSTRUCTION/TRAFFIC NOTICE

The Sanitation Districts is beginning work on Western Avenue across from the 5th Street cul-de-sac that requires one southbound traffic lane closure. A 6-inch bore hole will be drilled to a depth of 370 feet so we can investigate conditions near our underground tunnel at this depth. This drilling will allow us to send a remote camera down to our tunnel to examine conditions. There are no safety issues or concerns for this area while this work takes place.

Start Date: **September 22, 2025**

Working Hours: **Monday – Friday
8:30AM to 4:00PM**

Duration: **2-3 weeks
(depending on
drilling progress)**

Commuters and local residents can expect a one-lane closure in the right southbound lane on Western Avenue. Expect traffic delays along Western Avenue and Weymouth Avenue during work hours. Please use caution when driving through this area.

For information and details about this project please visit clearwater.lacsd.org. Questions or concerns? Please contact Maria Rosales-Ramirez at mrosales@lacsd.org or (562) 908-4288, ext. 2311.

We appreciate your patience and cooperation during this important infrastructure work.
